Your sums insured

'Sums insured' are the maximum amounts specified in your schedule, up to which you will be covered in the event of a valid claim.

It is important that you calculate the sums insured you give to us at the correct level.

If you have buildings cover, you will need to calculate how much to cover your buildings for. If you have contents cover, you will need to calculate how much to cover your contents for.

You should check this carefully when taking out **your** insurance **policy** and each time **you** renew:

Your buildings sum insured should be the full cost of rebuilding the **private home** as new, including any item as described within the definition of **buildings** and any **domestic outbuildings**. It should include costs for site clearance, architect and surveyor fees and building regulations. The Society of Chartered Surveyors Ireland (www.scsi.ie) has useful guidelines which may help **you** estimate this.

Your contents sum insured should be the current cost to replace all items as new.

If **your sums insured** are too low **you** will be underinsured and any **claim** payment may be subject to the Underinsurance Condition. This means **you** will only receive a portion of any **claim**.

To read more about how the Underinsurance Condition works and the importance of keeping **your sums insured** at the correct level, see Condition 1 under the General conditions of this **policy** booklet.

Keep your policy up to date

You must tell **us** if there is ever any change in the information recorded in **your schedule** and completed insurance application documents after **your policy** has started. This is to help protect **you** and make sure **your policy** cover and premium continues to be valid after a change has taken place.

It is important to be aware that once **your policy** has started, **we** will not cover any of the following changes in risk, unless **you** have told **us** about them and **we** have agreed to cover them:

- A change in the address of the **private home**,
- A change in the ownership of the **private home** or the **insured(s)** name or if the **private home** is sold or under control of a liquidator or receiver,
- A structural change to the **buildings** or **domestic outbuildings** of the **private home** such as the carrying out of construction, renovation,

extension, repair or redecoration (except for minor internal decoration work such as painting and wallpapering),

- A change in the occupancy or use of the private home including:
 - a) if the **private home** is no longer used as **your** primary residence,
 - b) if the **private home** is left **unoccupied** or **unfurnished**,
 - c) if the **private home** or **domestic outbuildings** are lent, let or sublet or if there is a change in the number of tenants,
 - d) if the **private home** is used as a **holiday home**,
 - e) if the buildings or domestic outbuildings of the **private home** are used for business purposes or for the storage of commercial goods,
- The identification of any concerns about the structural integrity or safety of the buildings or domestic outbuildings of the private home by any surveyor or professional tradesperson,
- If **you** or any of **your family** members or members of **your household** have been declared bankrupt, or have been convicted or charged with any criminal offence except for a fixed penalty driving offence,
- If a **building** has been underpinned, requires structural support or is subject to a survey (for example **subsidence**, mica or pyrite),
- Any change to your buildings or contents sum insured or of a change to any item **you** have covered under the **all risks** section in **your schedule**.

These are examples only and not a complete list.

For full details about the covers and information **you** must keep up to date, **you** must read and check any documents or communications **we** send to **you**, in line with Condition 2 of the General conditions in this **policy** booklet.

Uninsured losses and maintaining your home

Insurance provides protection against unexpected **events** caused by an insured risk such as fire, storm or theft. It does not cover losses caused by:

- the unavoidable effects of age or time passing,
- wear and tear,
- lack of maintenance,
- faulty **building** workmanship, or
- faulty or defective design or materials.

You must maintain **your** home to prevent loss or damage caused by uninsured risks.

Examples of losses that are not insured include:

- chimney damage due to age, faulty workmanship, lack of maintenance or faulty or defective design or materials,
- water damage caused by worn or faulty waterproofing such as seals, flashing, roof tiles or slates in need of repair,
- losses during bad weather which would not have happened if necessary repairs and maintenance were carried out.

You must keep **your** insured property in good condition and protect it from loss or damage. **You** must do this in line with Condition 4 – Take care of **your** property, of the General conditions of this **policy** booklet.

Exclusions

We will deduct an amount for wear, tear and loss in value for:

1. clothing and household linen,
2. audio, video and computer equipment including television sets and gaming consoles,
3. ancillary audio and video equipment including CDs, DVDs, records, tapes and software over three years old,
4. floor covering over five years old.

Damage to flooring

We will only pay the cost of repairing or replacing the damaged part of the flooring or floor covering.

If it is not possible to match the undamaged area, **we** will pay the cost to replace the flooring or floor

covering in the room or area where the damage occurred. **We** will not pay to replace undamaged floor covering in adjoining rooms or areas.

Matching pairs, sets or suites

We will only pay the cost of an individual damaged item even if it forms part of a pair or set, or part of a suite of furniture or sanitary ware, or forms part of a common design.

We will not pay for the undamaged companion pieces or the full value of the pair or set or suite as a unit.

Retention

In the case of **buildings**, **we** may hold back a percentage of the agreed **claim** amount until the rebuilding or repair work is complete. If the **claim** settlement amount is €40,000 or more, the amount retained is 10% of the **claim** settlement amount. **We** will pay this amount once **we** are satisfied that the works have been completed according to the scope and cost agreed and a final invoice is submitted.

We will provide a reasonable time period for completion of the rebuilding or repair works and receipt of the final invoice. This time period will be outlined in writing and is usually three months. **We** will send **you** a reminder before this time period expires. An extension of this time period will be considered in certain circumstances.

If **we** do not receive a final invoice and satisfactory confirmation that the works have been completed according to the scope and cost agreed, within the agreed time period, **we** will close the **claim** file. **We** will then view the **claim** as having been settled in full.

Underinsurance

Underinsurance' means that a sum insured you have provided to us does not represent the full potential costs of the loss or damage that it is intended, under the terms of your policy to cover.

To avoid underinsurance, **you** should make sure **your sums insured** include all of the following:

- **Your buildings sum insured** should be the full cost of rebuilding the **private home** as new, including any item as described within the definition of **buildings** and any **domestic outbuildings**. It should include costs for site clearance and removing debris after a loss, architect, surveyor, consulting engineer and necessary legal fees and any additional costs necessary to meet current building, statutory or local authority regulations. The Society of Chartered Surveyors Ireland (www.scsi.ie) has useful guidelines which may help **you** estimate this.
- **Your contents sum insured** should be the current cost to replace or make as good as new all items described within the definition of contents.

If **you** are underinsured, the Underinsurance Condition will apply. This means any **claim** payment **we** make will be reduced accordingly.

To read more about how the Underinsurance Condition works and the importance of keeping **your sums insured** at the correct level, see Condition 1 of the General conditions of this **policy** booklet.

Reinstatement of sums insured after a loss

When **we** pay a **claim**, **your sums insured** will stay the same. **We** will not reduce the **sum insured** of any item by the amount of the **claim**. This means the amount of cover **you** have will stay the same.

Maximum amounts we will pay under this policy

The maximum **we** will pay for loss or damage to **buildings** and or **contents** is limited to the **sums insured** and specified amounts shown in **your schedule**.

Proof of value and ownership

In the **event** of a **claim**, **you** must provide **us** with any details or proof of loss, ownership and value that **we** request. **We** recommend **you** always keep a record of receipts, valuations, guarantees, warranties or any other evidence that will assist with a **claim**.

Condition 1 in the Claims conditions of this **policy** booklet contains further details about **your** obligations in the **event** of a **claim**.

Inflation protection

We may apply 'indexation' or 'index linking' to help protect **you** against inflation. This means **we** may adjust one or more of the **buildings** or **contents sum insured** specified in **your schedule**, in line with suitable price indexes and market information that **we** have available to **us**. If **we** do this, it may impact on **your** premium.

If **we** apply Inflation protection to **your policy**, **we** will record this in your renewal invitation for **you** to review alongside **your sums insured**. It will work in the following way:

- If applying the index increases **your sum insured**, we will base **our** invitation to renew **your policy** on this increased **sum insured**. As a result, **your** premium may also be impacted.
- If the index falls, **we** will not reduce the **sum insured** at renewal. **Your sum insured** will remain at the same level, unless **you** adjust them.
- Inflation protection will not apply to any monetary limits outside **your buildings** and **contents sums insured**.

You should not rely on us applying inflation protection or index linking alone to keep any of **your buildings and **contents sum insured** at their correct level. We do not always apply inflation protection. The reinstatement cost of **your buildings** or value of **your contents** may be growing faster than inflation due, for example, to a new extension or items you have acquired. It is a condition of **your policy** that **you** keep your **sums insured** at their correct level. **You** should make sure **you** understand Condition 1 of the General conditions of this **policy** booklet. If **you** have any questions, please contact **Bank of Ireland Insurance Services Limited** still be affected due to other factors, including **your claims** history.**

No claim discount

If no **claims** have been made under **your policy** over **your previous periods of insurance**, **your** premium will be reduced. The reduction will be in line with the following scale:

Period of insurance	No claim discount
One year	20%
Two years	35%
Three years	40%
Four years	45%
Five years	50% (maximum)

Your no **claim** discount will not be affected if **you** make a **claim** for:

- Jury service, or
- Home emergency assistance.

If **you** make any other type of **claim**, **your** no **claim** discount will be reduced to zero, unless it is protected by no **claim** discount protection. There are two types of no **claim** discount protection under Section 4– Optional and additional benefits:

- Step-back no claim discount protection, or
- No claim discount protection plus.

If either of these covers are active on **your policy**, this will be specified in **your schedule**.

Your no claim discount will apply only to the level of discount granted under your no claim discount scale. Your cover and the premium we charge may still be affected due to other factors, including your claims history.

1. What is a communicable virus or disease?

For the purposes of this exclusion, a communicable virus or disease is any virus or disease, whether naturally occurring or not, that can be transmitted by means of any substance or agent from any organism to another organism (including human beings) where:

- a) the substance or agent includes, but is not limited to:

14. Commercial wind turbines exclusion

We will not pay for any claim, loss, damage, cost, expense, consequential loss, financial loss, liability, or injury which is directly or indirectly caused by, contributed to by, arises from, or is occasioned by, or results from commercial wind turbines or their accessories, or their services or ancillary equipment.

General conditions of the policy

The following conditions apply to **your whole policy**, in addition to any conditions in specific areas of **your policy**. **You need to meet the requirements specified in your policy conditions. If you do not, your policy cover may not be valid.**

You or any other person claiming under **your policy** must comply with the following general **policy** conditions to avail of the full protection provided by the **policy**. If **you** or any other person claiming under **your policy** does not take reasonable care to comply with these conditions, **we** may cancel the **policy** or a section of it, refuse to deal with **your claim** or reduce the amount of any **claim** payment.

1. You must keep your sums insured at the correct level

You must at all times keep any **sums insured you** give us, as recorded in **your schedule**, at a level that is in line with the full potential cost of the loss or damage that it is intended, under the terms of **your policy** to cover. **You** should check this carefully on a regular basis, including when **you** are taking out **your insurance policy** and each time **you** renew:

- Your sums insured should be the current cost of rebuilding as new, all items described within the definition of **buildings**, including any **domestic outbuildings**. **Your buildings** sums insured should also include costs for site clearance and removing debris after a loss, architect, surveyor, consulting engineer and necessary legal fees, and any additional costs necessary to meet current building, statutory or local authority regulations. Rebuilding costs are not the same as the market value of **your** property and property market values should not be used to determine **your building** sums insured.
- **Your** sums insured should be the current cost of replacing or making good as new, all items described within the definition of **contents** applicable under **your policy**.

It is important that **you** insure **your buildings** for their full rebuilding cost, **your contents** for their full replacement cost and for both **your buildings** and **contents** sums insured, that **you** make any necessary allowances for the possibility of inflation or price increases in the future.

If **your sums insured** calculations are too high, **you** may be paying too much for **your** insurance. If **your sums insured** calculations are too low, you will be underinsured and your **policy** may not cover full claim costs. In addition, any **claim** settlement may be reduced in line with the Underinsurance Condition, meaning **you** will only receive a portion of any claim **you** have.

Underinsurance Condition

If **your sums insured for buildings or contents at the time of loss or damage are less than 85% of the full potential cost to make good the property**, any **claim** payment **we** make will be reduced accordingly.

The level of reduction will be in proportion to **your level of underinsurance and you will have to bear the difference**. For example:

If **you** have calculated **your sum insured in the event of total loss at €150,000**, but the full potential cost of making good the property is actually €200,000, **we** would pay only 75% of any loss or damage, no matter what **your claim** amount is.

2. Your duty

a) Give us full information when applying for or renewing your policy

You must answer all **our** questions honestly and with reasonable care. The information provided in **your** insurance application including **your proposal form** or **statement of fact** and any **renewal applications** or communications with **us** must be true, accurate and complete.

Our questions and **your** responses will influence **our** acceptance of **your** insurance, **our** calculation of **your** premium and the terms and conditions **we** apply. If **you** are ever in any doubt about **our** questions and **your** responses, **you** must tell **us**.

b) Always keep your policy up to date

You must tell **us** if there is any change in the information recorded in **your schedule** and completed insurance application, after **your policy** has started. **We** will then let **you** know of any change in **your** premium or **policy** terms.

We will not cover any of the following changes in risk after your policy has started, unless you have told us about them and we have agreed to cover them:

1. A change in the address of the **private home**.
2. A change in the ownership of the **private home** or **the insured(s)** name or if the **private home** is sold or under control of a liquidator or receiver.
3. A structural change to the **buildings** or **domestic outbuildings** of the **private home** such as the carrying out of construction, renovation, extension, repair or redecoration (except for minor internal decorating work such as painting and wallpapering).
4. A change in the occupancy or use of the **private home** including:
 - if the **private home** is no longer used as your primary residence,
 - if the **private home** is left **unoccupied** or **unfurnished**,
 - if the **private home** or **domestic outbuildings** are lent, let or sublet, or if there is a change in the number of tenants,
 - if the **private home** is used as a **holiday home**,
 - if the **buildings** or **domestic outbuildings** of the **private home** are used for business purposes or for the storage of commercial goods.
5. The identification of any concerns about the structural integrity or safety of the **buildings** or **domestic outbuildings** of the **private home** by any surveyor or professional tradesperson.

6. If a **building** has been underpinned, requires structural support or is subject to a survey (for example subsidence, mica or pyrite).
7. If **you** or any of **your family** members or members of **your** household have been declared bankrupt, or have been convicted or charged with any criminal offence except for a fixed penalty driving offence.
8. Any change to **your buildings** or **contents** sum insured or of a change to any item **you** have covered under the **all risks** section of **your schedule**.

This is to help protect you and make sure your **policy** cover can continue to be valid after a change has taken place.

For full details about the covers and information **you** must keep up to date, **you** must read and check any documents or communications **we** send to **you**.

c) Keep to the terms of your policy

You or any person making a claim under **your policy** must take reasonable care to observe and fulfil the terms, provisions, conditions and **endorsements** of **your policy** and anything they reasonably require of **you** for cover to apply.

3. Other insurance or compensation fund

If at the time any **claim** arises under **your policy** there is any other insurance covering the same loss, damage or liability, **we** will only pay **our** share of any loss, damage, cost or expense.

If at the time any **claim** arises under **your policy** there is a compensation fund in place covering the same liability, loss or damage, **we** will not be liable to make any payment under **your policy**.

4. Take care of your property

You must take all reasonable steps to:

- avoid injury, loss or damage in connection with **your** insured property, and
- safeguard all insured property from loss or damage.

You must keep the property **you** insure in good repair. For example, **you** must make sure that all locks on outside doors and windows are working and in use. In addition, any fire alarms, smoke detectors or burglar alarms must be in working order, properly maintained and used correctly.

If additional terms and conditions apply in relation to taking care of your property, we will note these by endorsement in your schedule.

5. Pay the premium and keep your payments up to date

You must pay all amounts due for the **period of insurance** on time and in full. If **you** do not **you** will not be covered.

- Annual payments: The premium amount must be paid in full and the payment must be cleared.
- Instalments: the premium instalments must be paid in line with **your** premium payment plan agreement.
- Fees and charges: Details of any additional fees and charges that apply will be specified in the **Terms of Business** or the **Information and data protection statement**.

If **you** do not pay an instalment, even if **you** have paid one or more instalments already, **your policy** will be cancelled in line with Condition 6 under the General conditions of this **policy** booklet.

6. Cancellation of the policy

We or **Bank of Ireland Insurance Services Limited** may cancel **your policy** by sending **you** 14 working

days' notice in writing to **your** last known address.

You may cancel **your policy** by sending **Bank of Ireland Insurance Services Limited** cancellation instructions in writing.

We will return the premium **you** paid for the **period of insurance** that is left to run, if:

- **You** cancel the **policy** within the cooling off period, or
- **We** cancel the **policy**.

If **you** cancel after the cooling off period, as long as no **claim** has been made or is pending, **we** will return the premium for the **period of insurance** left to run (less any cancellation charge), in line with the **Information and data protection statement**.

7. Disputes between you and us

If an issue cannot be resolved through **our** complaints process, any dispute between **you** and **us** under **your policy** must be referred to either:

- the Financial Services and Pensions Ombudsman (FSPO), or
- to 'arbitration', a process using an independent arbitrator to help settle the dispute.

For the FSPO, **you** may use the contact details provided under the 'Complaints' heading in the Helpful notes and contact details section of this booklet.

For arbitration, the arbitrator will be appointed by agreement between **you** and **us**. If **we** cannot agree, the authorised body identified in the current arbitration legislation will appoint the arbitrator.

If **you** do not refer a disputed **claim** to the FSPO or to arbitration with **us** within 12 months of **your claim** being turned down, **we** will treat the **claim** as abandoned.

8. Fraudulent claims

You must not act in a fraudulent way. No cover will apply:

- if **you** or any person entitled to cover under **your policy** makes a **claim** knowing it to be false or fraudulent in any way, or
- if damage is caused by any deliberate act or with **your** consent or involvement or the involvement of anyone acting on **your** behalf.

We may keep **your** full premium if **your policy** is cancelled due to fraud.

9. Mortgage on your home

If **you** have a mortgage on **your private home**, the interest of the mortgage lender in this insurance will not be affected by any increase in risk caused by:

- the borrower, or
- anyone living, using, or in control of the **buildings**.

Provided the mortgage lender:

- is not aware of any increased risk,
- tells **us** in writing as soon as they become aware, and
- pays **us** any additional premium **we** may then require.

Claims conditions

The following conditions apply to any claim made under your policy. You need to meet the requirements specified in your policy conditions. If you do not, your policy cover may not be valid.

You or any other person claiming under your policy must comply with the following conditions to avail of the cover provided by the policy. You must not act fraudulently and must help us to exercise our rights.

If you or anyone else claiming under the policy does not comply with these conditions or does not help us, we may at our option cancel the policy or refuse to deal with your claim or reduce the amount of any claim settlement.

1. Your obligations

a) Tell us about any event which could lead to a claim:

If you become aware of any event which may lead to a claim under your policy, you must tell us within 48 hours. You must do this whether a claim will be made or not. Call 01 947 6051.

b) Give us the information we require:

Within 30 days after an event, or within any further period as we may allow in writing, you must give us at your own expense:
